Product Safety & Quality Policy

FC Cartons, management and employees, are dedicated to providing their customers with products which conform in all respects to their expectations, by monitoring, measuring and controlling through processes implemented within BRCGS Global Standard for Packaging Materials in addition to meeting the requirements of ISO 9001:2015.

This policy also states the company's intentions to meet its obligations to produce safe and legally compliant products to the specified quality and responsibility to the customers' requirements.

Improvements in business performance will be managed through targeted objectives, established through regular reviews of the Company's operations and methods of work throughout all areas of the business and by the identification and implementation of "best practice and continuous improvement." Our partnerships with customers and suppliers is recognised as a major contributor to our, and their continuous improvement efforts and success.
FC Cartons objectives relating to this policy can be found in document FCCQF05.

This policy, together with all other components of the management system are mandatory, and will be observed by all who act in whatever capacity on behalf of FC Cartons.

FC Cartons are committed to continually improving the sites Product Safety & Quality Culture through regular reviews, team work, training, communication and continual improvement plans. At FC Cartons, each and every member of staff appreciate the significant role they play in ensuring our customers receive complete satisfaction in the work we undertake on their behalf. We aim to assist our employees to realise their maximum potential and recognise the importance of their skills, commitment and continual improvement bring to themselves, FC Cartons and our valued customer base.

The Managing Director accepts responsibility for communicating to employees the company's commitment to Product Safety & quality, and for ensuring the quality policy is understood, implemented and maintained at all levels. With this is mind, FC Cartons aim to improve aspects of operations by setting company objectives for continual improvement; these are addressed at our 12 monthly management review meetings unless action is determined sooner.
